

Information Security Roles and Responsibilities Policy

Policy Owner: Diana Hussein

Effective Date: 07/06/2022

Statement of Policy

Darwin Global LLC is committed to conducting business in compliance with all applicable laws, regulations, and company policies. Darwin Global LLC has adopted this policy to outline the security measures required to protect electronic information systems and related equipment from unauthorized use.

Objective

This policy and associated guidance establish the roles and responsibilities within Darwin Global LLC, which is critical for the effective communication of information security policies and standards. Roles are required within the organization to provide clearly defined responsibilities and an understanding of how the protection of information is to be accomplished. Their purpose is to clarify, coordinate activity, and actions necessary to disseminate security policy, standards, and implementation.

Applicability

This policy is applicable to all Darwin Global LLC infrastructure, network segments, and systems.

Audience

The audience for this policy includes all Darwin Global LLC employees and contractors who are involved with the Information Security Program. Awareness of this policy applies to all other agents of Darwin Global LLC with access to Darwin Global LLC information and network. This includes, but is not limited to partners, affiliates, contractors, temporary employees, trainees, guests, and volunteers. The titles will be referred to collectively hereafter as "Darwin Global LLC community".
